WINTER 2014-2015 IS HERE.

Well another ski season is upon us and the crew at Venture Sports couldn't be more excited to take care of you and all your guests. Whether it's an individual, family, or group, Venture Sports has you covered. Locally owned and operated since 1991, Venture Sports is the only shop that can proudly say:

- we have always had a 100% money back guarantee on everything we do
- we were the first to provide rental delivery service, for over 20 years
- we tune for world champs, olympians, x-games medalists
- we are the local's choice for friendly service at the best price
- we are a Vail Valley Partnership Small business of the Year winner

Venture Sports knows that we can always do better. So new for 2014-15, we are stoked to announce several new improvements:

- **New tune facility** - we have the only tuning machine of its kind in North America. No other shop can produce the same grinds that we can. Rockered skis, cambered boards, vario structures, variable edge bevels, IR waxing. No matter what your needs, no matter what your ability level, our tune will make your equipment faster and easier to turn. See why Venture Sports has won more tuning accolades than any other shop.
- **Base Camp** - Our ski in-ski out location on Gondola One has free ski storage and boot driers on all our rentals with the best values in the Village.
- **New Avon Location** - Conveniently located in the Avon Center right next to Avon Liquors. Walking distance to the Westin Riverfront Gondola, better parking, a bigger store and closer to all the hotels and condos in Avon.

Venture Sports understands that there are a ton of choices when it comes to ski shops in the Vail Valley. We have the best products in the best locations with the best prices. What truly sets us apart though, is our most valuable asset, the people who work here. We sell fun and we love what we do, this comes across in the way that we treat each and every one of your guests.

Thank you,
Mike Brumbaugh
Owner
